The following stipulations will apply:

1. No more than 50% utilization will be allowed on key species. Move dates could change when utilization targets are met.
2. Protein blocks and salt will be placed in outlying areas to help distribute livestock.
3. Cattle will be moved everyday if needed to ensure proper utilization of forage.
4. No grazing is allowed in the five side canyons (Arch, Mule Fish, Owl and Road Canyons). The permittee will check these side canyons for stray livestock soon after livestock have been moved out of the adjacent pasture. After livestock are off the allotment the side canyons will be checked again by the permittee to ensure no stray livestock remain.
5. All pasture fences will be repaired before livestock enter that pasture.
6. Water will be hauled to ensure distribution of livestock.
