

Oct. 11

Read: 1) "Canyon Forest Village" complaint

2) selected NEPA regulations; and

3) Record of Decision for Tusayan Growth

Be prepared to discuss the following questions. If you were representing the United States (Dombeck), how would you reply to this complaint? In particular, discuss how you would respond to the alleged NEPA violations? The actual FEIS is on reserve at the law library, but you need not review it in order to complete the assignment. At some point in the semester, though, you might find it interesting to browse through the FEIS just to see what one looks like.
